

November 9, 2018

Dear Family and Friends,

Currently I am living in Kona, Hawaii, and attending YWAM at the University of the Nations. YWAM stands for Youth With a Mission. My school is called 'Fire & Fragrance' and has over 350 young people from all over the world who have become on fire for Jesus!

While I am here, I am falling more in love with Jesus everyday because I am learning more about who He is and I see His power and glory before me all the time. As a small army of young people, we are being trained to go out into the nations and share with them His love that we have found. Jesus is SO good and everyday that I am here He continues to reveal His overwhelming love for me! He desires everyone to know how deeply because He loves them.

After my three months of discipleship training here in Kona, I have been called to join 8 teams of people headed back to mainland USA for our outreach. My personal team is comprised of 6 people. We will be working with the '**Carry the Love**' campaign and '**Circuit Riders**' during our 3 months of missions.

"Carry the Love' is a campaign that is solely devoted to 'bringing the love of Jesus to college campuses.' Their mission is to 'inspire our generation to love like Jesus.' We will be travelling the country going to different college campuses delivering the good news of God's promises. We are believing for redemption in our generation. **We believe that a wave of revival is about to sweep across America and that our generation is going to lead it.** They just need to be reminded where their true identity comes from.

During my time here in Hawaii, God has placed a *burning passion in my heart for America and my generation specifically*. I have longed for God to give me His passion for what He wants me to do. He has answered that prayer with this upcoming outreach assignment.

In February we will be partnering with 'The Send.' 'The Send' is going to be a stadium gathering in Orlando of 60,000 believers. 'Circuit Riders' have been working prayerfully and diligently for the past seven years across college campuses in preparation for this event. These modern day 'Circuit Riders' are inspired by the 'original Circuit Riders who were used by God to help spark the First Great Awakening in America. The original "Circuit Riders were known as nameless and faceless individuals who gave their lives to reach the lost." **The modern day Circuit Riders leadership and their teams believe this is going to be the tipping point that will spark the greatest evangelism era in history!** We are calling for a war on inaction and praying for this generation to arise into their calling instead of living a life of complacent Christianity and compromise. We believe that this event is going to be a catalyst for a Jesus movement to sweep across the nation.

Would you prayerfully consider supporting me for this outreach? My total cost of this outreach is \$5,500. The total amount is due by **November 23rd**. At this point I have raised

\$1,700! I am trusting and believing that God will provide the full amount that I need to be able to go on this trip. God has so clearly called me into this assignment and given me an incredible passion for this mission- my generation needs to know the real Jesus and to know that their identity comes only from Him. I want to see young people so on fire for Jesus and the Gospel that they can't just stay stuck in their normal lives but they will know that they have to go. I want to see hope restored and callings stepped into.

Please pray for me! This is a huge endeavor that I am partaking in. I start my journey December 17th and finish March 24th. To support my outreach trip financially, please go to **HQwellness.com/outreach**. HQwellness.com has set up a page for you to be able to easily donate with a direct link to my account at YWAM. When you click on 'Make a Payment,' you can 'Continue as a Guest.'

Thank you so much!
